

Law Enforcement Advisory Board

Minutes

January 25, 2021

The Law Enforcement Advisory Board meeting was held via the Microsoft Teams application during the COVID-19 pandemic.

1. Call to Order

2. Agenda Additions or Subtractions --- None

3. December 21st Minutes – Approved as written.

4. Jen Morrison gave an update on Use of Force Statewide policy. Still in first draft form after hearing from several key stakeholders. Our legislators maybe revisiting this policy soon. Jen recommended holding off until the legislator's way in.

5. Body Worn Cameras statewide policy discussion. There were several comments and or suggestions made. The Sub-committee will review them and make their recommendations back to the LEAB board in February.

6. Old Business: Discussion on Senator White's law enforcement recommendations. Several studies have taken place over 20 plus years. Towns do have a couple of options for police services. Currently the state police cover over 200 towns without a police department. Some towns have municipal police department's, and some have Sheriff's contracts. We all are incredibly grateful of Senator White's support for all law enforcement.

7. Next meeting February 22nd 0930hrs Teams online.

8. Meeting adjourned.
